## 2 Sheikh Khalifa Medical City (SKMC) Respiratory Medicine Symposium

### Welcome Message

It is our great pleasure to welcome you to this one-day respiratory medicine symposium organised by Sheikh Khalifa Medical City, Abu Dhabi. Respiratory diseases are common and up to one third of all acute medical admissions to hospitals are the result of respiratory problems. This symposium is designed to provide comprehensive update on topics within respiratory medicine. Based on lectures and interactive cases, this will be of benefit to physicians involved in providing care in the pulmonary medicine clinics, family medicine clinics, emergency departments and acute medical units. Expert physicians will cover a broad range of respiratory topics, condensing clinical pearls around every day clinical care as per international clinical guidelines.

**Dr. Muhammad Tufail**  
Chairman  
Consultant Pulmonologist,  
Sheikh Khalifa Medical City,  
Abu Dhabi, UAE
