Welcome Message:

Welcome to the 2nd Annual HH Diabetes Center's Cardio Metabolic Health Conference! In collaboration with Emirates Diabetes and Endocrine Society and Emirates Cardiac Society.

We are thrilled to gather renowned experts, healthcare professionals, and passionate learners for a day of insightful discussions and networking.

Together, we will explore cutting-edge research, practical solutions, and clinical advancements in managing cardiometabolic conditions.

Thank you for joining us as we collaborate to improve patient outcomes and promote a healthier future.

In collaboration with Emirates Diabetes and Endocrine Society and Emirates Cardiac Society.

SCIENTIFIC PARTNER

MANAGED BY

Target Audience:

- Physicians (Cardiologists, Endocrinologists, Nephrologists, and Primary Care Providers, etc...)
- Diabetes Educators and Specialists
- Clinical Researchers and Academics
- Healthcare Administrators
- Medical Students and Residents
- Nurses and Allied Health Professionals

Event Objectives:

- Enhance Clinical Knowledge: Provide up-to-date information on the interconnections between cardiovascular, renal, and metabolic health.
- Share Guidelines and Best Practices: Discuss the latest cardiometabolic guidelines and their application in real-world scenarios.
- Address Emerging Risks: Explore the impact of diabetes, dyslipidemia, and diabetes on community and individual health.
- Foster Professional Collaboration: Encourage interdisciplinary dialogue through panels and networking opportunities.
- Introduce New Therapeutic Strategies: Present innovations in the management of diabetic kidney disease, hypertriglyceridemia, and cardiovascular risks.
- Earn Continuing Medical Education (CME) Credits: Offer participants CME-accredited sessions for their professional development.
